is on file with the Commission and open to public inspection.

Koch proposes to install the pipeline and appurtenant facilities to accommodate two delivery taps for service to Bay Gas, an intrastate storage company, and Clarke-Mobile, a local distribution company. Koch states that the tap for Bay Gas will provide a connection to Bay Gas' facilities and the tap for Clarke-Mobile will permit deliveries at a higher pressure than is available from the existing interconnection with Clarke-Mobile.

It is stated that Koch would use the delivery taps for the delivery of up to 73,000 Mcf of gas on a peak day to Bay Gas and up to 30,000 Mcf of gas on a peak day to Clarke-Mobile. It is stated that these volumes are within both customers' existing daily entitlements. It is asserted that deliveries to both Bay Gas and Clarke-Mobile would be made under Koch's ITS and FTS rate schedules. It is further asserted that the tap proposed for Bay Gas would be bidirectional and would be used for the receipt by Koch of up to 202,000 Mcf of gas on a peak day from Bay Gas.

The total construction cost is estimated at \$1.68 million, of which Koch will receive \$1 million as contribution-in-aid of construction. Koch states that it has sufficient capacity to render the proposed service without detriment or disadvantage to its other existing customers and that its tariff does not prohibit the addition of delivery taps.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the Natural Gas Act.
